

Monissa

KUŠAONA

At Monissa you'll experience something truly unique. We're not just a business, we're a group of friends made up of two families: Radisic and Kondrat, who both share a passion for wine.

We love nothing more than sharing our favourite bottles with fellow wine lovers and helping them to discover new flavours and aromas!

So if you're looking for a wine tasting experience that's more than just a business transaction, you are in a right place. We promise you'll leave with a new appreciation for wine and perhaps even a few new friends.

All our vineyards are marked on the map Here you can try our; bugava, plavac mali, rose. If you have any questions, please feel free to ask our team - we are more than happy to share our passion with you.
